

Celebrating 10,000 Units of Presses Shipment

We are thrilled to announce a significant milestone— AIDA Engineering Malaysia has achieved 10,000 units of presses shipment!

Since we started operations in Malaysia in 1996, we have continuously pushed the boundaries of excellence in pressforming industry, delivering reliable and high-performance solutions to businesses worldwide. Reaching this milestone would not have been possible without the trust and support of our team, partners and customers.

Every press we build carries our commitment to quality, innovation, and the relationships we've built along the way. Whether you have been with us from the start or have recently joined our journey, we deeply appreciate your confidence in AIDA Engineering Malaysia.

As we look ahead, we remain dedicated to providing you with the highest level of service and technology to support your business growth.

Thank you for being part of our journey. We look forward to reaching even greater heights together!
